REGULAR MEETING AGENDA

1. Alzheimer's Awareness Panel and Workshop – November 2, 2024

Chair Batiste provided an updated flyer for the event. The Alzheimer's flyer is in English and Spanish. The flyer consists of numerous links that lead to different networks. Chair Batiste stated a Google document was sent to staff. It includes the event proposal, logistics, design layout for the set-up, panel location, and the participant list. The Chair confirmed there are 5 participants that have completed the form and 6 that have provided verbal confirmations. The verbal confirmations are pending written confirm of their attendance. Chair Batiste would like to invite the Huntington Park Police Department to participate on behalf of herself, not as Commissioner Chair.

The event will provide educational information on what Alzheimer's looks like and an understanding of its impacts. The location of the Alzheimer's panel and workshop is yet to be decided. The potential locations include the Huntington Park Community Center, and the Lounge located at Salt Lake Park. The Lounge is most feasible, Chair Batiste will confirm the location on October 1st, 2024. Commissioner Delgado has the flyers and wants to communicate with the art commission while Chair Baltazar asked if they can house the art. Director Forster advised them to speak with their respective councilmember so they can speak to the city manager regarding that request. Commissioner Delgado will send staff the flyer to distribute accordingly.

2. Discussion on the Second Annual LGBTQ+ Family Resource Fair on February 1, 2025.

Vice Chair Baltazar confirmed the event is scheduled for February 1, 2025, from 10 AM to 12 PM. She plans to request the social hall for the event, although the lounge is also a possible location. Additionally, Vice Chair Baltazar will contact the vendors from last year and aims to have a flyer ready for the next meeting. Director Forster mentioned that on October 1st, the team will present plans to the City Council for the remodeling of the Salt Lake Park building, noting that events may need to be rescheduled based on the construction timeline. In response to concerns raised by Director Forster about potential changes to their event, Director Forster suggested that Keller Park could serve as an alternative location, if needed.

3. Discussion on the Special Legacy Project implementation

Vice Chair Baltazar proposed a tentative date for the event on May 3, 2024. Chair Batiste requested and will reach out for clarification on how much time the founder of the Neuter Legacy Project, Weiss, would need for the event. Director Forster suggested planning for at least six hours to ensure adequate time for the animals' care and recovery. The event will be held outdoors, as the founder has a mobile clinic. Vice Chair, Baltazar, also asked about preferred locations for the event and where similar events have been held in the past. Director Forster noted that historically the library has been used but noted the importance of

considering access to water and parking. He assured the parking could be secured regardless of the location. Vice Chair, Baltazar, mentioned that Salt Lake Park would likely attract the most attendees and is logistically the best choice. The tentative locations under consideration include Salt Lake Park, Keller Park, and the library.

4. Presentation and Discussion of the analysis of impediments and consolidated plan workshop

Ishah Ahumada, Project Manager, delivered a presentation to the Health and Education Commission on the City of Huntington Parks Analysis of Impediments and the Consolidated Plan. The discussion focused on outreach, priority goals, and related projects. Vice Chair, Baltazar, acknowledged the importance of setting targets for affordable housing and assessing whether those targets have been met. Commissioner Delgado proposed developing more resident-friendly applications and establishing focus groups to encourage participation among residents. Regarding programs and services, Vice Chair Baltazar suggested enhancing awareness of the City's homeless assistance organization, Inner City Visions (ICV), and promoting services to those who may not be tech-savvy. She also recommended promoting City programs during school events. Additionally, Commissioner Delgado highlighted the potential of partnering with non-City organizations to introduce different opportunities for the community. In terms of infrastructure improvements, Commissioner Delgado proposed upgrading the crosswalk at Bissell St. and Florence Ave. to include traffic lights for safer pedestrian crossings. For economic development programs, Commissioner Fabian recommended creating initiatives specifically targeting unemployed young adults, along with summer internship opportunities for high school students to secure funding for college. The Commission engaged in a productive discussion about various strategies to better meet community needs, emphasizing collaboration, targeted outreach, and necessary infrastructure improvements.

DEPARTMENTAL REPORTS (INFORMATION ONLY) –

Community Director Steve Forster provided updates on capital improvements located on Slauson and State. The project has five locations from Alameda Street to State Street and includes concrete repairs to preserve infrastructure. This project is funded by a grant of \$10 million, aimed at repairing curbs, gutters, sidewalks, and striping, among other enhancements. Additionally, the ATP Cycle 5 program focuses on alternative transportation improvements, including the addition of bus pads, ADA ramps, and upgrades to bus areas on Gage, State, California and Florence. Plans for ATP Cycle 6 and the Safe Streets for All grant (SS4A) were also discussed.

HEALTH AND EDUCATION COMMISSION COMMENTS

1. Commissioner Delgado no comments.
2. Commissioner Liselda Fabian no comments

3. Vice Chair Baltazar discussed the importance of the Health and Education Commission increasing its awareness of events and opportunities for collaboration with various departments.
4. Chair Batiste showed enthusiasm for the mental health awareness fair, noting it was well-attended and enjoyable, with good music. However, she expressed concerns about advertising and flyers, suggesting that better promotion could enhance engagement. She recommended having someone on-site to advertise the event with a sign on the day of the fair. Additionally, the Chair requested a tablecloth with the commission's logo and obtaining a banner for their table.
