

Next stop: creating a shared vision.

West Santa Ana Branch Transit Corridor Project Transit Oriented Development Strategic Implementation Plan Community Showcase

Implementing TOD in Future WSAB Station Areas

Monday, May 6, 2019, 5-7pm
Bell Community Center
6250 Pine Av, Bell, CA 90201

Join Metro and Eco-Rapid Transit at this Community Showcase to learn about the West Santa Ana Branch Transit Corridor Project (WSAB Project) Transit Oriented Development Strategic Implementation Plan (TOD SIP) and get inspired to take action. The TOD SIP will provide a playbook for local jurisdictions to follow as they work together, and individually, to implement transit oriented development and improve access and mobility in community areas located within one-half mile of each proposed station.

The Community Showcase will reveal the final TOD SIP recommendations, with a focus on:

- > Corridor Strategies and Actions for: Governance, Equitable Development & Community Preservation, Transit Supportive Planning, Placemaking, Mobility, Access & Connectivity, and Sustainability and Resilience,
- > Station Development Typologies, and
- > Station Area Visions and Priority Actions

Additional details will be forthcoming.
