DEVELOPMENT PERMIT (DP) APPLICATION GUIDELINES

Applications for a Development Permit are processed by the Community Development Department, Planning Division.

I. Preliminary Review

Prior to applying for a DP, it is highly recommended that a Preliminary Review be submitted and checked. This procedure notifies the potential DP applicant, in advance, of Planning Division requirements and recommendations to the Planning Commission.

- A. The Preliminary Review consists of three (3) sets of plans which include the site plan, floor plan(s), and elevations, along with a completed application, environmental checklist, and a review fee of **\$1,010**. The Preliminary Review is designed to allow applicants to be informed of the Planning Division's recommendations and requirements prior to preparing the complete DP package and paying the required fees. This review may not include recommendations and requirements of other Departments or Agencies (e.g. Building and Safety, Fire, County Health, etc.).

II. Complete DP Package

Materials necessary to process a CUP include:

1. Ten (10) copies of proposed and/or existing plans. All plans should be submitted on 24" x 36" paper and folded to 8 ½" x 11". Set of plans should include the following:
 - A. Floor Plan (all buildings)
 - B. Site Plan
 - C. Elevations (all)
2. Two (2) copies of reduced plans, either 8 ½" x 11" or 11" x 17".
3. One (1) USB Drive containing all files in digital PDF and JPEG formats.
4. Two (2) sets of 300 foot Public Notice Radius Maps and Mailing Labels (see attached example)
5. DP Application (fully completed, see attached).
6. Environmental Checklist Form (fully completed, see attached).
7. Photographs of Site and Adjacent Properties.
8. Required Fees:
 - A. \$11,049.00 for Development Permit
 - B. \$ 900.00 for Environmental Review (minimum)
 - C. \$ 1,069.00 for Publication Fees**\$ 13,018.00 Total**

How is the application processed?

Development Permits are approved based upon the discretion (subject to appeal) of the Planning Commission. Upon the submittal of the above mentioned materials and payment of fees, the proposal will be given a case number (e.g.2026-01 DP). The application is formally reviewed by Staff within 30 days. The applicant will be notified, in writing, of any required corrections and/ or if additional information is required. Once the application is deemed "complete" it will be scheduled for the earliest appropriate Planning Commission meeting.

- The processing includes the notification of all property owners within 300 feet of the site, a notice of the request advertised in a newspaper of general circulation and the preparation of a staff report (subject to environmental analysis and findings as required by the California Environmental Quality Act) for the Planning Commission.

It is recommended that the applicant, property owner, and /or representative attend the meeting, and be prepared to answer questions and present evidence supporting the requested DP.

In order for the Planning Commission to approve a request for a DP, the Commission must find that based upon the information contained in the application and the testimony given at the public hearing, the following circumstances (findings) apply:

- A. The proposed development is one permitted within the subject zoning district and complies with all of the applicable provisions of the Code, including prescribed development/site standards;
- B. The proposed development is consistent with the General Plan;
- C. The proposed development would be harmonious and compatible with existing and planned future developments within the zoning district and general area, as well as with the land uses presently on the subject property;
- D. The approval of the Development Permit for the proposed project is in compliance with the requirements of the California Environmental Quality Act (CEQA) and the City's Guidelines;
- E. The subject site is physically suitable for the type and density/intensity of use being proposed;
- F. There are adequate provisions for public access, water, sanitation, and public utilities and services to ensure that the proposed development would not be detrimental to public health, safety, and general welfare; and
- G. The design, location, size, and operating characteristics of the proposed development would not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

The Planning Commission is interested in hearing all views concerning the proposed DP, and how it applies to the required findings. It is suggested that the applicant prepare themselves to answer questions pertaining to the required findings during the public hearing.

A staff report will be available at the Community Development Department public counter on the Monday before the Planning Commission meeting. A copy of the report will also be provided to the applicant prior to the meeting.

What happens after the Planning Commission's decision?

After publicly discussing the case, the Planning Commission may approve, deny, or continue the case to a later meeting for further study.

It is important to know that if an application is approved, it does not become final until fifteen (15) days after the date of approval. During this time an appeal may be filed by the applicant or anyone requesting that the City Council reverse or modify the decision of the Planning Commission. An appeal may be filed and paid for at the City Clerk's Office in City Hall. The appeal will then be scheduled to be heard by the City Council which may affirm, modify or overturn the Planning Commission action.

What are "conditions" of approval?

If the application is approved, the DP may contain certain conditions affecting the proposed use/development. The Planning Division recommends conditions to the Planning Commission for the mitigation and/or improvement of the individual circumstances to ensure the compatibility of the use with surrounding land uses.

For further information, please contact the Planning Division by calling (323) 584-6210 or by emailing Planning@hpca.gov between 7:00 a.m. and 5:30 p.m. Monday through Thursday.

PUBLIC NOTICE RADIUS MAP GUIDELINES

The radius map, ownership list and mailing labels are for the purpose of providing public notice of a proposed project to properties within a 300 foot radius from the subject property.

When submitting an application for a **Conditional Use Permit, Development Permit, Variance, and/or Tentative Parcel Map**, the applicant must include a radius map, mailing labels, and a list of all the property owners within a 300 foot radius from the subject property as required by **State Law and the Huntington Park Municipal Code**. The guidelines for preparation of these items are as follows:

- A) An original and one (1) copy of a **Radius Map** (300 foot radius from property), showing all the ownership lines. The map must also contain a key to an ownership list (see attached example). The ownership information can be obtained from the County Assessor's Office.
